1. A home envelope project can be combined with certain other upgrades to qualify for an additional "bundle" rebate of \$500-\$750. 2. Home energy assessment required; contact us about scheduling and possible discounted rates. 3. All-electric homes only. 4. Rebates from GWSE and its wholesale electric provider MEAN must be applied for separately - contact us first to maximize total savings. 5. Starting July 11, 2022, Xcel is offering substantial bonus rebates on these types of equipment. *We try our best to keep this chart up to date, but rebates are subject to change without notice.
