

# ENERGY-EFFICIENCY REBATES AVAILABLE TO GARFIELD COUNTY RESIDENTS

This is only a summary of rebates, which often have specific requirements and are subject to change. A given project may be eligible for multiple rebates - contact us for free advice at [info@GarfieldCleanEnergy.org](mailto:info@GarfieldCleanEnergy.org) or (970) 704-9200, ext. 2. Note that new federal Inflation Reduction Act rebates are expected to become available sometime in 2024.

Project Type	Efficiency Measure	Xcel Energy	Holy Cross Energy	Black Hills Energy	Glenwood Springs Electric <sup>1</sup>
Lighting	Replacement of inefficient bulbs with LEDs	Discounts of about 95% on LEDs at certain retailers			
Building Envelope	Air sealing & weather stripping	30% up to \$200 (depending on heating type & reduction)	25-50% of project cost <sup>2,3,4</sup>		50% up to \$500
	Insulation	\$350-\$400 (depending on heating type and insulation location)	25-50% of project cost <sup>2,3,4</sup>	\$ .25-\$ .60/sq ft, depending on R-value and location; rebate max varies	50% up to \$500; plus \$0.15/sq ft up to \$300 for attics from MEAN <sup>6</sup>
	Multifamily (4 or more units per building)		25-50% of project cost <sup>2,3,4,5</sup>		
HVAC (Heating, Ventilation & Air Conditioning)	Smart or programmable thermostat	\$50	25-50% of project cost <sup>2,4</sup>	\$25 (smart thermostat up to \$100)	\$50 <sup>4</sup> ; plus \$25-\$100 from MEAN <sup>6</sup> (depends on heating fuel and installation)
	Air source heat pump	\$1,700-\$2,200 (depending on efficiency); additional bonus rebate available if combined with other measures	25-50% of project cost <sup>2</sup>		50% up to \$2,000 <sup>4</sup> ; plus \$400-\$1,000 from MEAN <sup>6</sup> ; additional "bundle" rebate available if combined with other measures
	Ground source heat pump	\$600/ton; additional bonus rebate available if combined with other measures	25-50% of project cost <sup>2</sup>		\$2,400-\$3,000 from MEAN <sup>6</sup>
	Mini-split heat pump (heating and cooling)	\$1,700-\$2,200 (depending on efficiency); additional bonus rebate available if combined with other measures	25-50% of project cost <sup>2</sup>		50% up to \$2,000 <sup>4</sup> ; plus \$400-\$1,200 from MEAN <sup>6</sup> ; additional "bundle" rebate available if combined with other measures
	Evaporative cooling (swamp cooler)	\$300-\$675/unit, \$1,200/ducted system			
	Efficient furnace	\$300		\$350-\$375 (depending on efficiency)	
	Efficient boiler	\$250-\$350		\$675-\$1,000 (depending on efficiency)	
	Efficient central AC	\$200-\$500 (depending on efficiency)			
	Cooling system tuneup				\$30 from MEAN <sup>6</sup>
	Gas-fired absorption heat pump			\$1,500-\$2,390	
Hot water	Tankless gas water heater	\$100		\$100-\$560 (depending on efficiency & size)	
	Efficient storage gas water heater	\$50		\$75	
	Electric heat pump water heater	\$800	25-50% of project cost <sup>2</sup>		50% up to \$1,000 <sup>4</sup>
	Indirect water heater (tank only)			\$85	
Solar	Solar PV (photovoltaic)		0-6 kW: \$250/kW; 6-25 kW: \$100/kW		
	Battery storage system		\$500/kW		
Household appliances	EnergyStar refrigerator				\$100
	Induction cooktop/range		25-50% of project cost <sup>2</sup>		
	EnergyStar dishwasher				\$50
	Heat pump dryer		25-50% of project cost <sup>2</sup>		
	EnergyStar clothes washer			\$50	\$75
Misc.	Custom rebate				Up to \$1,000 (must demonstrate electricity savings)
	Heat tape controls		25-50% of project cost <sup>2</sup>		
	E-bike		\$50		\$200 (\$500 for income-qualified residents)
	Level 2 EV charger	\$1,300 (income-qualified households only)	\$549		\$500
	Electric lawn mover/chainsaw/leaf blower/snow blower/power washer		25% up to \$300		
	Cellular shades	\$1.33/sq ft			
Storm windows				\$4.86/sq ft up to \$700	

1. Glenwood Springs Electric customers earning less than 150% of the Area Median Income qualify for a free home energy assessment and up to \$3,000 in rebates on recommended measures. 2. Households earning less than 150% of the Area Median income qualify for 50% of the project cost up to \$7,500/year; all others can receive 25% of project cost up to \$3,000/year. 3. Home energy assessment required; contact us about scheduling and possible discounted rates. 4. All-electric homes only. 5. Higher rebate max for multiple buildings. 6. Rebates from GWSE and its wholesale electric provider MEAN must be applied for separately - contact us first to maximize total savings. *We try our best to keep this chart up to date, but rebates are subject to change without notice. Updated 1/30/24.*
